

# WITOPET economy

## The convenient way for your pipetting applications

WITOPET economy is the classical microliter pipette perfectly designed for rapid and comfortable pipetting in 96 well plates.

### Dosing button

The dosing button guarantees perfect dosing results until the end of a pipetting phase, even for beginners. The push button with integrated adjustment screw makes changing the volume by mistake during pipetting almost impossible.

### Finger rest & pipette holder

The large finger rest supports your whole hand during pipetting. It has also the function of a pipette holder in combination with the original support – for a safe and tidy workplace.

### Volumeter display

The 3-digit display is easy to read and suitable for volumes from 0,5 - 300 µl.

### Tip ejector

The tip ejector releases the used tip easily.

### Pipetting unit

We used efficient components for high accuracy and precision in accordance with ISO standards. The pipetting unit can be turned around (360°) for increased flexibility.

### Reliable technique

The integrated mechanism is working properly every time WITOPET economy is used.

### Tip cones

The tip cones are suitable for all established brands of pipette tips.

# Multi-Channel Microliter Pipette

## Your advantages at a glance:

- perfect designed for 96 well plates
- quality pipette at a very competitive price
- available with 8 or 12 channels
